FRENCH IN BERRY-AU-BAC; BRITISH WIN ON SCARPE.

Pershing Pushes Germans Off Heights Commanding the River Aire in a Smashing Drive.

(BY ATLANTIC CABLE AND A. P.)

Paris, Oct. 7.—The French have captured Berry-au-Bac, the War Office announced tonight.

(Via London) Oct. 7.—The Americans this evening began their attack on the Germans between the Argonne Forest and the Meuse, according to the German official communication issued tonight.

London, Oct. 7.—The British line has been advanced on a front of 100 miles north of the Scarpe, Field Marshal Haig reports tonight. The capture of Bache St. Vaast and Oppy were captured.

With the American army northwest of Verdun, Oct. 7.—The Americans achieved another important, though local, success tonight in driving the Germans out of Chateau Chabry, northwest of Arras, after a hard-fought battle, they overcame the stubborn resistance of the enemy and forced them to retreat to the heights west of the River Aire.

At the same time the British line has been advanced on a front of 100 miles north of the Scarpe, Field Marshal Haig reports tonight. The capture of Bache St. Vaast and Oppy were captured.

The British troops this morning pushed the German positions back to the west of the Scarpe, according to the War Office. The British line has been advanced on a front of 100 miles north of the Scarpe, Field Marshal Haig reports tonight. The capture of Bache St. Vaast and Oppy were captured.

WILSON'S REPLY TO PEACE NOTE SOON READY.

Answer to Make it Clear to Central Powers that America Desires an End of Hostilities, but Only on the Condition that Justice be Accorded All Parties to the Conflict.

(EXCLUSIVE DISPATCH.)

WASHINGTON, Oct. 7.—President Wilson will reject the Teutonic plea for a compromise peace and he will do so as the spokesman not only of the United States but of all the other nations fighting the Central Powers.

As the result of exchanges of opinion between the President and the heads of the Allied governments now in progress Germany will be informed, it is believed, that peace can be obtained only by unconditional surrender and that an armistice can be granted only on the basis of the evacuation of Belgium, France and all other invaded territory.

HEARST DENOUNCED BY LOYAL NEW MEXICANS.

EIGHT HUNDRED IN REPUBLICAN STATE CONVENTION ADOPT RESOLUTION.

(EXCLUSIVE DISPATCH.)
SANTA FE (N. M.), Oct. 7.—More than 100 loyal American citizens, serving as delegates to the Republican State convention, assembled in Santa Fe, cheered enthusiastically at the reading of the resolution which denounced William R. Hearst and his pro-German activities.

The resolution, adopted without a dissenting voice, was as follows: We hereby endorse the action of the State Council of Defense, Gov. Lindsey, Atty.-Gen. Patton, the Bernal County Council of Defense, the Rotary and Kiwanis clubs of Albuquerque, the Lick-the-Kaiser Club of Eddy county and the patriotic news dealers and citizens in New Mexico in trying to prevent the circulation in this State of the pro-German, anti-British and anti-American publications of William R. Hearst.

We commend the course of the New York State Democratic convention in denouncing Hearst and his pro-German activities and publication seeking to justify the sinking of the Lusitania and the German policy of assassination by submergence, which action is in marked contrast with that of Democratic leaders and of the Democratic convention in New Mexico, which endorsed Hearst by nominating him for United States Senator and Justice of the Supreme Court.

SIXTY-FOUR MISSING IN MORGAN EXPLOSION.

OFFICIAL STATEMENT SAYS 225 OF 700 BUILDINGS DESTROYED IN MUNITION BLAST.

(BY A. P. NIGHT WIRE)
PERTH AMBOY (N. J.), Oct. 7.—Sixty-four men are missing and 225 of the 700 buildings of the T. A. Gillespie Loading Company plant at Morgan, N. J., were destroyed in the first and explosion which swept the big shell factory on Friday and Saturday, according to an official statement issued by the company.

The explosion, according to the statement, occurred at 7:40 o'clock Friday night in the No. 1 unit of the 6-inch shell plant, where seventy-six men were at work. Twelve of these, including two government inspectors, are accounted for. The remainder, sixty-four, are missing. Less than half a dozen bodies have been recovered.

"All the available evidence," said Mr. Gillespie, "points to the initial explosion having occurred in one of the regular operating rooms in which the 155-millimeter loaded shells are handled under established methods which have been in vogue in this plant, without accident, for over three months."

"Any more definite information as to the original cause is purely a matter of conjecture, one of the possibilities being an inadvertent act on the part of one of the operators, a fire and the subsequent explosion, and that the main storage area of the plant, including the principal magazines located at suitable distances from the operating plant area, were 'not involved in any way.'"

Delay in making the official statement was said by Mr. Gillespie to have been due to "incident after incident" following the principal explosion, which were being fought today.

WASHINGTON, Oct. 7.—Investigation of the New Jersey munition disaster by a special committee of five representatives was proposed today by Representative Scully of New Jersey in a resolution presented to the House. It was referred to the Rules Committee.

NEW WAR PLANTS TO KILL GERMANS

Trinitrotoluol Factory at Giant and Two Acid Works for Pennsylvania.

(BY A. P. NIGHT WIRE)
WASHINGTON, Oct. 7.—The War Department announced today that it had authorized construction of three additional war plants. A trinitrotoluol factory to cost \$1,433,000 is to be erected at Giant, Cal., and will be operated by the Giant Powder Company.

Sulphuric-acid plants are to be erected in Pennsylvania. One to cost \$2,000,000 will be built at Emporium and the other to cost \$1,000,000 will be built at Mt. Union. Both will be operated by the government.

BATTLE SUMMARY.

NO PEACE TALK AT FRONT.

(ISSUED BY ASSOCIATED PRESS.)
Although peace talk still is in the air, there is no peace for the German and Austro-Hungarian armies in the field.

While attempts are being made in "well-informed circles" in Germany and Austria to show that the latest peace proposals of the Central Powers are honest expressions of a desire for a "just peace," Marshal Foch's armies are proceeding without pause in their task of clearing Belgium and France of the invader. And they are continuing to meet with great success.

The troops of the French general, Baur, have delivered a successful blow against the Germans northwest of Rheims which adds materially to the menace that is hanging over the German front from the North Sea to the Swiss border.

This week the capture of Berry-au-Bac on the north side of the Aisne, about ten and a half miles northwest of Rheims, and only a scant five miles from the eastern end of the famous Marne-Danube railway at Compiègne. A further advance northward across the railroad not.

HERE ARE DRAFT NUMBERS.

Order of Drawing for Men Between Ages of 18 and 21 and 31 and 45.

(EXCLUSIVE DISPATCH)
CHICAGO, Oct. 7.—The order of drawing of draft numbers for men between 18 and 21 and 31 and 45 years of age are ready for use. Following is the first batch of numbers in the order drawn. More will be printed tomorrow.

(It is suggested that all persons interested in the draft clip the large number list daily from The Times, as the numbers printed this morning and on subsequent mornings will not be repeated. Lack of space makes it impossible to print the entire list in one issue.—Ed. Times.)

NOTABLES IN THE DRAFT.

The first numbers of the master list of the draft, as they were drawn at Washington, indicating the military responsibility of registrants, includes the numbers of many prominent men in Los Angeles and the surrounding districts.

Frederick Chandler Ripley, son of E. P. Ripley, head of the Santa Fe railroad system, and a department manager of the same railroad, was the first man to draw a number above 100 in District No. 9. He held serial number 622, which was 111 to come out in the Washington drawing. Mr. Ripley, who is now visiting the oil fields, lives at No. 2315 West Adams street.

John B. Reeves of No. 2301 South Hoover street, a plumber and a member of the City Council, drew serial No. 1622, which was 147 to be drawn in the downtown district. His number will be lower than 147, because many numbers drawn before his were higher than the highest in District No. 9, which had 2449 registrants.

The order of drawing for Norman C. Holmes, head of a string of book stores in the downtown district, is 217. His serial number is 699. Mr. Holmes is in District No. 9, and lives at No. 1854 West Twenty-first street.

Serial No. 6407, held in District No. 17 by Melville Norton, No. 640 Whitman street, of Norton Bros. & Morris, wholesale clothing store at South Los Angeles street, was drawn 178.

The order of drawing for No. 599, held in District No. 9 by John A. Foster, a dentist of Broadway, was 204.

Police Sergeant John M. Hoover of No. 2819 Second avenue has No. 256, which was No. 185 in the drawing.

Catlin C. Gerold, a salesman for the Riverside Portland Cement Company, has serial No. 499, drawn on No. 222.

Clinton W. Miller, realty operator of No. 2115 West Washington street, has serial No. 413, drawn as No. 164.

Paul S. Einsparger, No. 421 Park View avenue, a motion-picture man, has serial No. 899, drawn as 174.

Herschel F. Cole, manager of the American Data Company at Meach, is two hundred and fourth in the order of drawing. He is registered with Board No. 17, and his serial number is 399. He lives at the Los Angeles Athletic Club.

Floyd B. Howard's position in the drawing is two hundred and fourth. He is a partner in the Title Guaranty Sales Company, a downtown investment concern, and lives at No. 460 South Alvarado street. He registered with Board No. 17 and his serial number is 1122.

Senate Demands Crushing Military Victory Over Hun as Preliminary to Peace Negotiations

GERMAN OFFER HELD INSIDIOUS.

Proposal for an Armistice Especially Attacked.

To Grant it Would be to Lose War, Asserts Lodge.

The Question Should be Left to Foch, Says Nelson.

(BY A. P. NIGHT WIRE)

WASHINGTON, Oct. 7.—Immediate rejection of the German and Austrian proposal for an armistice and peace negotiations was demanded today by the common sentiment of the membership.

There was dissent from the view that an armistice would defeat all that America and the Allies have been fighting for, and even during two hours of a spirited session devoted entirely to discussion of the enemy's latest move, joined in declaring that only through military victory could the cause of the Allies and humanity be saved.

The suggestion of such a step was fully denounced as an insidious attack on the Allies.

Senator Hitchcock, Nebraska, chairman of the Senate Foreign Relations Committee; Republican leader of the Senate, Charles McNamara, of California; and Senator Nelson, of Minnesota, were among the speakers.

Senator McNamara, representing both political parties, the discussion, which was held in the Senate chamber, was a discussion of the German proposal.

After Senator Hitchcock and others had declared an armistice impossible, Senator McNamara introduced a resolution proposing as the first requisite to any peace negotiations, that the German and Austrian proposal be rejected.

Senator Nelson declared that the German proposal was a "complete surrender" and that the Allies must gain a complete military victory.

MUST REDOUBLE LOAN EFFORTS.

Time Above All Others not to Relax, Says McAdoo.

Eleven Days Left to Raise Remaining Five Billion.

Twelfth District has Approximately Fourth Quota.

(BY A. P. NIGHT WIRE)

WASHINGTON, Oct. 7.—Seven days of solicitation for the Fourth Liberty Loan have yielded \$1,322,716,950 and only eleven working days remain in which to raise the remainder of the six billion.

Recounting the progress of the loan, covering receipts up to last Saturday night, showed 22 per cent of the loan had been subscribed and backed up by initial payments. This did not take into consideration rather large aggregates gathered yesterday in many cities by house-to-house canvassers.

Apprehension that peace news from abroad might cause relaxation of effort by workers and subscribers became more distinct in the capital today on receipt of reports from communities throughout the country that individuals and business firms were inclined to postpone making their subscriptions until later in the campaign.

Secretary McAdoo issued a statement saying that "Now is the time above all others not to relax but to intensify efforts." It was reported that this statement had been suggested by President Wilson, who is represented as feeling deeply that the Fourth loan should be generous.

Senator McNamara, who is represented as feeling deeply that the Fourth loan should be generous, issued a statement saying that "Now is the time above all others not to relax but to intensify efforts." TO FIND ORDER NUMBER.

Here is the way to find your order number, as it will be on your classification card, indicating the order in which you will be called for military duty in the class 1.

In the table following find the highest serial number in your district, city or county. With a pencil scratch off all numbers above that number in the big number list. Then count down by your number, beginning with the first number drawn. If, for example, your number is the two hundred and second number in the top, your order number is 202 and you will be the two hundred and second man called in your district.

Following are the highest serial numbers in Los Angeles city districts:

Maude Barrett of No. 8 Carver Court has been entertaining interesting house guests in the person of Mr. and Mrs. S. W. Todd and their daughter, Miss Dorothy Todd, of Grand Rapids, Mich. The Todds crossed the continent to San Francisco, because Miss Dorothy was a sponsor for the battleship Channel, which she christened a week ago Sunday.

Receiving Congratulations. Mr. and Mrs. Everett H. Seaver of No. 337 Wilshire boulevard are receiving congratulations over the arrival of a new son, born at the California Hospital Saturday, and whom they have named James Edward for Mr. Seaver's father.

Garden Supper Party. In honor of Charles E. Van Loan, who leaves soon to accept an editorial position on the Saturday Evening Post, a number of his former associates gave a supper party Sunday evening in the gardens of the home of Miss Bertha H. Smith, No. 415 West Thirty-first street. Supper was served buffet style and waiters were roamed on a huge bonfire. Among those present were Judge and Mrs. William Frederickson, Mrs. Florence Collins Porter, Florence Blood, M. Wood, C. Guidinger, Bertha Crowell Tinsdale, Mr. and Mrs. Jack Corey, Miss Kate Smith, and Mrs. Gerard, Charles Weston Pierson, Birney Donnell, H. C. Barton, A. S. Peterson, Henry W. Clark, Richard Keith Cuyler, Frank Vale and Winfield Housh-born.

For Robert Sherman. As a courtesy to Robert Sherman, who is awaiting orders to go to France to do Red Cross work, Mr. and Mrs. Benjamin Harwood were hosts at a dinner party, at which covers marked places for Mr. Sherman, Mr. and Mrs. Raymond Stephens, Mr. and Mrs. Sam Haskins, and Mr. and Mrs. Arthur Bumiller. Mr. and Mrs. Stephens gave a dinner party for Mr. Sherman a week ago.

Personal. Miss Gretchen Day is home again after a summer day in Vancouver. Mrs. Walter P. Story has gone to San Francisco to visit her mother and later will go on to New York.

Travel Club. The Los Angeles Travel Club held its first meeting yesterday in Brackett Hall, Mrs. Harold A. Gilman presiding. The club is devoting itself to the study of Italy this year.

Friday Morning Club. The public affairs committee of the Friday Morning Club will meet this afternoon at 2 p. m. in the club house. The programme will be largely devoted to education—John E. Brown speaking upon "Education and War Education" and Will C. Woods upon the "War and School Finance."

Wallace Reid. Mrs. Mathew Robertson, new president of the Ebell Club, presided yesterday afternoon at the regular meeting, receiving a rare welcome in applause and flowers, to which she responded gracefully.

WOMEN'S WORK.

WOMEN'S CLUBS.

BY ALMA WHITAKER.

Woman's City Club. State Senator Charles W. Lyons suffered from the embarrassment of too much limelight at the Woman's City Club yesterday, for he was the lone representative of the candidates for the State Senate invited to appear before the club who did so.

The others sent polite excuses. As a result Senator Lyons was given nearly all the time, and recklessly offered to answer questions from the floor, in the bargain. Heroically he tackled an "explanation" of the twenty-five amendments to be voted upon on November 5, but with naturally just a shade of partisanship towards his personal views on them.

This called forth a protest from Mrs. Herman Darling, an adamant stickler for both sides or none of every controversial subject, and contrary arguments from other duly perturbed members.

Thus, for instance, regarding the Senator's own measure, to exempt the Y.M.C.A. and Y.W.C.A. from taxation, just as we do the churches, one voice from the floor remarked that, while admitting the good work of these organizations, they were merely commercial, since most of the benefits were paid for, and should certainly pay their taxes like other profitable bodies.

Again, anent the dentistry amendment, No. 21, in which the Senator said unkind things about one "painless practitioner" whom he accused of desiring all the innovations, including a nurse for anaesthetics and admission to practice on credentials from other States, Mrs. M. E. Johnson arose to remark that anything that would make dentistry less plutocratic and prohibitive in price met with her approval, as it should.

However, the Senator's denunciation of social insurance, No. 20, and No. 6, which provides for the revision of the judicial system of the State, won enthusiastic applause, while his refusal to draw himself in the single tax along with sympathetic tolerance.

Will C. Woods, candidate for Superintendent of State Instruction, explained the two school amendments, denouncing No. 17, which he said left the schools at the mercy of the Board of Supervisors, and advocating No. 18, which raises the limit of appropriation to \$750 per teacher in all schools, as against the \$350 which has been in force since 1874, notwithstanding increasing costs. A letter was read from his rival candidate, the incumbent, Edward H. Harty, who had been invited, but could not be present.

Mrs. R. L. Creasy, chairman of Liberty Loan, reported \$149,000 in bond sales, and a Liberty Loan speaker urged desperate efforts.

Mrs. Clarence Van Graham, the president paid a tribute to the platform of Mrs. Robert Holmes, a club member who will leave for France as a Red Cross nurse on Friday this week.

The Source.

Wallace Reid is always, or almost always, the gentlemanly swash-buckler in motion pictures. He is good-looking, has the appearance of a recent college graduate, sports good clothes with an air, dons overalls with a becoming grace, never looks much mused up even after a fight with fists, and all in all is the matinee idol par excellence. Which is not saying that he's not also very much of a regular fellow.

Young Reid has had good pictures thrust upon him with a pleasing regularity, and he has shone brightly in every one of them. For he has a sense for comedy, an appreciation of the niceties of the tender emotion, and he is a good actor.

In brief, he's an excellent actor. Cecil De Mille often directs him, which is exceedingly well for all of us who are concerned. De Mille was with him through "The Source," shown at Clune's Broadway this week, with great intelligence.

Monte Katterjohn, and it comes from a story by Clarence Budington Kelland, which facts are also good to record.

This time Wallace Reid is transformed from a drunken derelict into a capable lumberjack who does fine work for his boss and his country.

The story of "The Source" is an interesting and a well told one, the characters are clearly defined, and the conflict of wills is highly dramatic. Many of the scenes are new pictures, bringing us into wild and primitive places.

As Svea (pronounced Sav-ah) Nord, the daughter of the Danish superintendent of a lumber company, Ann Little has one of the best roles ever assigned her, and she plays it with great intelligence.

Equally well placed are James Cruze as Langlois, Theodore Roberts as Hecaton, Noah Berry as Nord, and Raymond Hutton as Fox Agnew, though Hutton overacts a bit, as usual.

Orpheum. Even if the cost of living is high, the cost of living at the Orpheum for an evening isn't a bit higher than used to be—and you'll be living while you live there, too, especially this week.

We need much to stir our imaginations anent the war, these days, but the fact remains that the most interesting little war play we've seen in a long time is "Where Things Happen," by Richard Madden, staged by Emily Ann Wellman. It is a long play, but it's worth it.

Stage settings for war plays are usually so hopelessly artificial, that these prove tremendously effective. Stage settings for war plays are usually so hopelessly artificial, that these prove tremendously effective.

Don't hear of any more of the draft registration. Our idea of nothing is an ice-cream sandwich.

Why is it that the price of chops varies only one way? That "Balkan war cloud" is dissipated. It will no longer be a "Balkan war cloud."

A number of the local are pursuing a nonessential.

Hindenburg was right. He dictated a triumphant declaration.

With October here we require what is the substitute oyster?

Why worry? It is possible the worst will not happen.

The Kaiser does not seem to have any special need of that.

That Brest-Litovsk treaty is no fear of that.

What has become of the "concert of the powers" determined the fate of the Balkan states? The trumpet appears to be missing.

If this being decorated goes much further it may be that the newspaper men will be known as "Mars." being known as "Mars."

The government seems to be taking many liberties with the segment of the railroad.

While we are kicking high prices of clothing in the city let it not be forgotten that the cost of a suit is \$400 to get a suit in Vienna. And no one can be thrown in, either.

For a country that is not an army, with an army, is not a fight, that could be across the ocean in an United States appears to be fairly well.

Secretary Lane says enough undeveloped land in the country to give every soldier a plot of land, but they will not all be given it. It is proposed to give the great will give every a job and a home.

One thing is certain: not giving the amount in cents, this country has more money than there is necessity for losing in the programme. And we are not named, either.

During the last two nine members of the United States Senate have passed the time legislation has been on these men, some of whom have advanced in years.

Even the assistance of Wilson was not sufficient to equalize the amendment to the Senate. From which appear that there are some of "wild men" in the of Congress.

Uncle Joe Cannon is twenty-second term in Congress. A Socialist is the only against him. He has been eight years in the House defeated but once for election "On Virginia," Uncle Joe.

The adventurous life of is becoming the life of men eager to serve the With the appearance of ships on the sea the service is returning to when these words his "Before the Mast!"

Clothing manufacturers that suits selling for \$10 will cost \$65 in the spring and the chief of the wool and the War Industries Board statement that, in spite of there is no wool shortage, which will you believe? whom we will tie to.

THE DEAD TO THE O you that still have rain. Kisses of children and of And the good earth to them. And the mere sweetest.

For us not, who have said. For something dear, or. Think in what cause we are.

Remember, he who falls as too.

Now in the hour that strong. The soul no evil power. Drive straight against.

Wrong: Faith knows but one way. Endure: the end is worth. Give, give: and dare, dare!

On, to that Wrong's throw! We are with you, of pain and Victory share.

Boards Summon Men for Examinations.

Visitors Make Party Calls in Midair.

(LOCAL CORRESPONDENCE)

PARADISE, Oct. 7.—Mrs. Frank M. Champion, No. 508 North Madison, has sons on both the front and home fronts.

She has just received word of the arrival in Siberia of one son, Lt. Raymond M. Elliott of the Twelfth Infantry, and of the arrival of the second, Lt. Joseph C. Elliott, Sixty-seventh Artillery, in France. A third son, Dr. Elliott, medical officer, is in the Tenth Hundred and Ninety-ninth Engineers, is on the way to Camp Fremont.

Boards of Examinations. The last few days the local boards will summon for physical examinations all the class one and two, by the recent, 15-to-18 age group. Board No. 1, in the city, is holding a physical examination.

NO ARMISTICE,
SAY METHODISTS.

Nothing Short of Unconditional Surrender, They Wrote.

(EXCLUSIVE DISPATCH)

BAKERSFIELD, Oct. 7.—The delegates to the Southern California Conference of the Methodist Episcopal Church, in session here today, went on record as opposed to the granting of an armistice to Germany, Charles C. Woods, reporter for the conference, was authorized to dispatch the following to President Wilson:

"The Southern California Conference of the Methodist Episcopal Church, Bishop Wilbur P. Thirkield presiding, by an enthusiastic rising vote, has instructed me to express to you their unlimited confidence and to urge that peace be not made on any basis short of unconditional surrender of the Central Powers."

FORGERY CHARGED. Through the efforts of Detectives Betts and Shelton of the Pasadena police department and the Burns agent, Otto R. Swift, a chauffeur, has been arrested in Long Beach charged with forging checks of a total value of \$500 to \$600. It is said he forged the name of his former employer, Mrs. Matilda C. De-

MENTI, and cashed them at the Central Bank, this city.

NO LIGHT EQUIPMENT. Soldiers from the army balloon camp at Arcadia were to come in to Pasadena on army trucks tonight to begin work in night school classes at the Pasadena High School, in response to the invitation extended last week by the Pasadena Board of Education. Late today it was announced at the school, however, that the soldiers could not be here. The reason given was that the army trucks at the camp are not equipped with lights and Uncle Sam had no desire to violate California's law on the subject.

Girls of the Orton school gave a party last week at which some of the young officers from the Arcadia balloon camp were guests. Today

TWO DEAD, MANY INJURED.

(EXCLUSIVE DISPATCH)

OXNARD, Oct. 7.—Two men are dead, one woman is unconscious and a half-dozen men and women are more or less seriously injured as the result of auto accidents in Ventura county.

The fatalities occurred near Fillmore, where a car occupied by Al Jenkins, a Fillmore garage man, his wife, Al Dominguez and Flynn Rich, overturned while going at a high rate of speed. Dominguez and Jenkins received injuries from which they died at the County Hospital a few hours later. The accident happened late Saturday night. The other passengers were only slightly injured.

Some of the officers paid their party calls in their airplanes, circling over the school for the period of time prescribed for formal calls and dropping their calling cards on the campus.

JUDGE KING SUGGESTS WAY OF THROTTLING NOISY SANTA MONICA POWL.

(LOCAL CORRESPONDENCE)

SANTA MONICA BEACH, Oct. 7.—Judge King of the local Police Court said this afternoon that he would be satisfied with dismissing a complaint against Fred Holts, owner of a wide-awake rooster, if the fowl were given to the Red Cross to be auctioned to the highest bidder. The court declared that the ends of justice be thus subserved and the peace and quiet of the complaining witness, James A. Freedman, would not be disturbed.

A complaint was filed against Holts last week and to make the case stick, the Chief of Police inserted an "et al" in order to have the noisy Brahms brought into court.

Holts says he can secure a number of witnesses who will testify that the reputation of the fowl for peace and quiet is most excellent. On the other hand the Freedmans claim to have ample evidence to show the rooster crows every time the headlight of an automobile flashes past the henhouse, which is next to their own residence.

Holding out an olive branch to both sides, Judge King has offered the suggestion that the chanticleer be offered as a willing sacrifice to the Red Cross.

PEPPER THROWER IN PSYCHOPATHIC WARD. POLICE COURT HEARING HALTED WHILE MENTAL STATE IS OBSERVED.

(LOCAL CORRESPONDENCE)

LONG BEACH, Oct. 7.—Police Court proceedings in the case of Mrs. Ada Travis, accused of violating the local sedition ordinance and with throwing pepper into the eyes of the arresting officers, were interrupted today, when the woman was taken to Los Angeles and lodged in the psychopathic ward of the County Hospital, to be placed under observation for indications of insanity.

Her husband, W. A. Travis, appeared before Justice of the Peace W. S. Brayton today and swore out a complaint charging his wife with insanity.

"If the woman is not insane she ought to get the limit," declared Attorney Frank Jacques, appointed by the court to defend Mrs. Travis. "It is not insane she certainly will get the limit," responded Police Judge Carl Hawkins.

"This woman is not insane; she is absolutely sane. I examined her thirty minutes ago, and there was not a trace of insanity," declared Ralph Taylor, city health officer, who was called on the witness stand when the trial opened today.

According to Dr. Taylor, local city officials have had trouble with Mrs. Travis on several occasions and that she had frequently threatened to "clean up" Commissioner James H. Williams, City Attorney George Hoodenpyl and City Treasurer H. L. Pillsbury.

Dr. Taylor also charged Mrs. Travis with having deliberately infected her two nieces with smallpox in the spring of 1915.

FATALLY BURNED. Mrs. Elizabeth Moore, 39 years old, of No. 1840 Myrtle avenue, was fatally burned today when a stove in her kitchen exploded. The aged woman, who lived alone, was literally cooked from head to foot, and when found by her neighbors her hair and clothes had been entirely consumed by the flames. She died at a local hospital two hours after the explosion.

Neighbors heard Mrs. Moore scream, but she had fallen to the floor near the back door and was enveloped in flames when they arrived to her assistance. She used a kerosene stove for cooking, and it is believed by neighbors she must have poured gasoline into the stove by mistake today. She had been cleaning some clothes with gasoline yesterday.

LETTER OF THANKS FOR AMBULANCE FUND. (LOCAL CORRESPONDENCE)

SANTA MONICA BEACH, Oct. 7.—Some months ago the students of the Santa Monica High School raised a thousand dollars by giving entertainments and by the practice of self-denial. They gave up publishing their school annual and by dint of hard work obtained enough money to provide an ambulance for the ambulance fund in France.

Today a warm letter of thanks came from J. Nougé, Undersecretary of State, Paris.

The letter, dated August 23, reads as follows: "I have the honor of informing you that I have received the sum of 578 francs, this being the subscription which the students of the Santa Monica High School have good enough to make for the purchase and upkeep of a motor ambulance. I beg you to accept for yourself and to transmit to all those who subscribed, my hearty thanks for the liberality, which will be used in the way you intended. Please accept, Mr. President, the assurances of my high esteem."

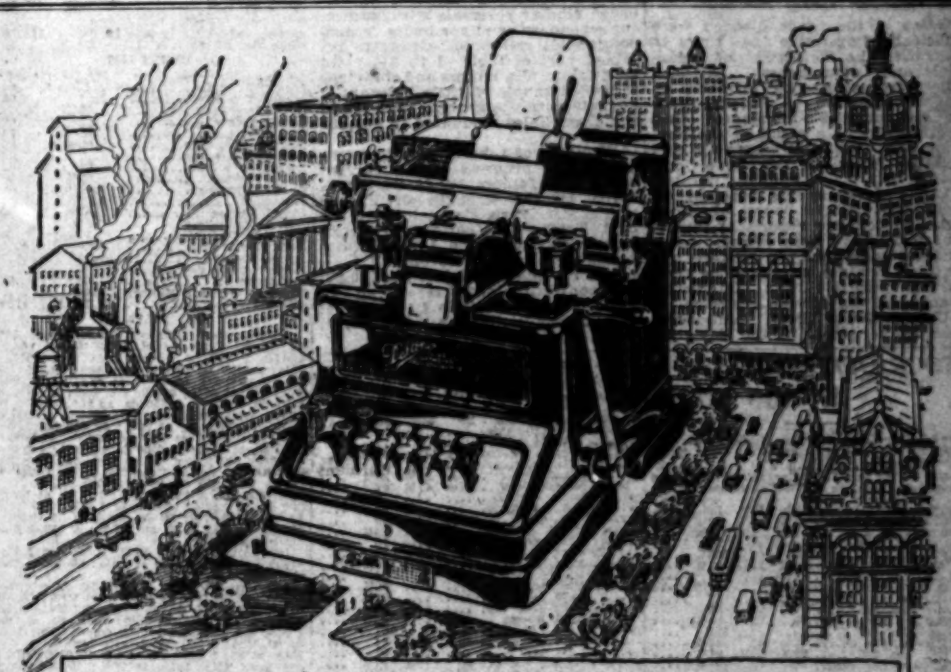

SANTA BARBARA HAS \$935,000 SUBSCRIBED. (EXCLUSIVE DISPATCH)

SANTA BARBARA, Oct. 7.—Santa Barbara's subscription to the Fourth Liberty Loan reached \$935,000 today, leaving but \$100,000 yet to be subscribed to complete the quota for this city. Bankers believe that the full amount will have been subscribed by Tuesday noon.

The peace overtures have stimulated subscriptions, state the bankers who are now handling all subscriptions for the loan.

NO INFLUENZA THERE. (LOCAL CORRESPONDENCE)

VENICE, Oct. 7.—Dr. J. N. Macsee, health officer of this city, has returned from Camp Lewis, where he talked with Col. Dudley Fulton, head of the hospital service there. The latter assured him that there is not one case of genuine Spanish influenza in the camp and he does not believe there will be. Dr. Macsee said this information should be given wide circulation in order to allay the fears of parents over the health of their boys now in camp.

The Office Figuring Machine
for Every Line of Business

Retailer-Wholesaler-Manufacturer

Your office is the brains of your business. It is a clearing house of figure facts that tells the story of purchases, costs, sales, gains, losses. DALTON figuring machines make the rapid, accurate assembling of figure facts possible.

The DALTON Adding-Calculating Machine is a simpler, faster, more accurate tool for this purpose. It reduces office labor costs, because expert help is not necessary—any or all of your employees will master its operation at once.

It is the fastest adding and listing machine made because its 10 Keys are easily operated by touch method—like a typewriter. Operators do not have to pick and choose the proper column to start a figure item—the DALTON mechanism puts each figure into its proper column automatically. It adds, subtracts, multiplies, divides, makes statements, tabulates. Multiplication is as easy as addition.

Phone Broadway 3403 for Demonstration.

You will never know the DALTON until you try it yourself—let us bring a machine to your store or office, or write for descriptive circular.

GRAND JURY INQUIRES
INTO THEFT OF JACK.

Grand jury investigation was begun yesterday into the case of J. Webber, local trunk man, who is alleged to have incited Arthur Smith and Harvey de Witt to steal a thirty-ton hydraulic jack belonging to the city from Elysian Park. When the matter was laid before Dist. Atty. Woolwine, he decided that it was a proper matter for grand jury investigation. Webber was to have had a hearing before Justice Hinshaw yesterday afternoon, but the case was continued for one week.

When Smith and de Witt were arrested they stated that they had been urged to steal the jack by Webber. This Webber denies.

HERE IS ONE THING THAT
IS ABSOLUTELY IMPOSSIBLE

Rheumatism Has Never Been Cured by Liniments or Lotions and Never Will Be.

You never knew of Rheumatism—that most painful source of suffering—being cured by liniments, lotions or other external applications. And you will never see anything but temporary relief afforded by such makeshifts.

But why be satisfied with temporary relief from the pangs of pain which are sure to return with increased severity, when there is permanent relief within your reach? Science has proven that Rheumatism is a disordered condition of the blood. How then, can satisfactory results be expected from any treatment that does not reach the blood.

A valuable book on Rheumatism and its treatment, together with expert medical advice about your own individual case, will be sent absolutely free. Write today to Medical Department, Swift Specific Co., 421 Swift Laboratory, Atlanta, Ga.

STILL BEHIND.

Los Angeles is still running behind in its loan efforts, and there must be an immediate improvement in the daily total of this city will have failed to do its part in the work of ending the war.

THE CO-OPERATION must come from every source, is the statement of James A. Riley, of the Industrial Organizations. "Employers and owners of industrial plants must co-operate with Liberty Loan workers, or it will be a matter for investigation and publicity."

Mr. Riley complains that this co-operation is not always given, and cites one instance on Saturday when an employer of a large number of people refused to shut down the noisy machinery of his plant, and forced the committee to talk and work against an almost impossible confusion, while many of his employees were not even in attendance at the meeting.

These plant meetings, the chairman declares, must be arranged at the convenience of the workers. Two hundred and fifty prominent business men are giving their time to the work, and the most serious co-operation is requested by the suspension of activities of the plant, by arranging for the proper handling of subscriptions, and by insisting that all employees be present at the meetings.

This condition and other problems confronting the industrial organizations will be discussed at a meeting to be held this evening at the assembly room in Huntington, at which every captain and worker is asked to be present.

Five Minutes and they're over the top—

Every man in that long line—our boys—crouched, tense, ready for the supreme sacrifice.

In five minutes the word will pass—OVER THE TOP—with bayonets fixed, steel flashing, that khaki line will carry America's determination that Democracy and Right MUST replace Autocracy and Might forever.

Crash!—the voice of the guns behind our boy informs him that the protecting barrage has started—a wall of shells behind which he will start on his trip to beat the foe.

Every face is tense—every ear listens for the preponderance of noise that tells him the barrage is a solid wall that will give him a fighting chance to meet the hun steel to steel.

Tense emotions portray the innermost thoughts—he sees torn and bleeding forms in no man's land—he sees a dashing, sweeping line victorious—

The barrage creeps on—ONE MINUTE MORE and—THEN your boy and our boy will know whether YOU have done YOUR PART AND PLACED THE GUNS WHEEL-TO-WHEEL BEHIND HIM.
